RADWAY'S REMEDIES.

OVARIAN TUMOR

OF TEN YEARS' GROWTH CURED BY

DR. RADWAY'S REMEDIES

I HAVE HAD AN OVARIAN TUMOR IN THE OVARIES AND BOWELS FOR TEN YEARS.

AN ALARM, Dec. 10, 1875.—This morning I make

the statement that I have had an Ovarian Tumor in the Ovaries and bowels for ten years. I tried the best physicians of the city, but they could not find out what it was, and I could not live. A friend of mine said to me, "Go to Dr. Radway; he will cure you." I did so, and he did. He has given me six bottles of the Remedy, two boxes of the Pills, and two bottles of the Liniment. I have been to several physicians since, and have had twelve more bottles of the Pills. Before they were sent to me, I continued to use the medicine until it was gone, and during that time had forty-five days of pain. I am now well, and God has given me new life, and my heart is full of gratitude to him for his help in curing me. I feel deeply indebted to Dr. Radway for his skill and knowledge. I make no claim for his services, but I do for his name. (Signed) MRS. E. C. BURRIS, Mrs. John Burriss, 102½ W. 12th Street, New York.

The medicines above stated were bought at Dr. Radway's office, and the doctor has given me no bill. I may say that her statement is correct, with you. (Signed) (Signature and Address)

Dr. Radway—Druggist and Chemist.

I am sorry to certify that Mrs. Burriss, who makes the above statement, is a woman of good character, known to us, and the facts therein stated are true. And one who knows Mrs. Burriss well will attest her statement. (Signed) BENJ. D. COOKER, MARY COOKER, L. E. FORD.

GENERAL NEWS.

Dr. Samuel Whipple, one of the founders of the Whipple University and Illinois College, and who has a large number of friends in this city, lies dangerously sick at his home in Jacksonville, Ill.

The temperature yesterday, as observed by Manasseh, optician, 28 Madison street, (Tribune Building), was at 8 a.m., 23 degrees; 10 a.m., 16; 12 m., 20; 2 p.m., 22; 5 p.m., 24.

The members of the Y. M. C. A. put up the following opposition ticket to be voted for next Monday: President, E. S. Walin; First Vice-President, F. P. Jacobs; Second Vice-President, J. B. Hodge; Corresponding Secretary, M. Ayres; Treasurer, S. A. Keen; Managers-Presbyterian, Gen. S. Lockwood Brown; Baptist, E. N. Blake.

Yesterday afternoon, while on the way for liquor he endeavored to balance himself on a stone in the vacant lot adjoining No. 333 Clark street, he fell to the ground, a distance of 12 feet, and, striking on the head, received very serious injuries. The company cannot afford to lose him now, even, as he was removed to the County Hospital in an insensible condition. The doctors say the wounds are not necessarily fatal. A companion who was with him at the time of his fall from whisky, could furnish no information concerning his name or residence.

The commencement exercises of the Chicago College of Pharmacy were held last evening at the First Methodist Church, under the direction of Dr. Julius H. Wilson, James M. Kirkley, George W. Hoyt, J. Leonard Malingher, Ernest George F. Beschoff, Frederick F. West, L. M. Moore, A. Atwater, and George H. L. Almon R. Thurber. The valedictory, a neat and effective effort, was delivered in graceful manner by Julius H. Wilson. Addresses were also delivered by Prof. J. D. Garrison and by Prof. H. D. Garrison on behalf of the Faculty.

A respectable young lady was found at the Illinois Central depot last evening perambulating about, endeavoring to find a friend in any direction. She is evidently a native of this country, and says her name is Kitty, and requests that word may be sent to Dr. Beach living at Franklin street. She is below medium height, dark eyes, and dark hair in dark shades. She is very modest and demure, but refuses to furnish any other name than Kitty. If Dr. Beach is in the city the officers at the Armory would be glad to have him call, and, if possible, meet the unfortunate young woman.

Mrs. S. B. Jenkins, of the firm of Hilger, Jenkins & Faxon, died yesterday morning at No. 601 Madison street, 9 o'clock, after a long illness. Mr. Jenkins was born in Cohasset, Mass., about twenty years ago, and was of son of G. L. Jenkins. He came to Chicago in 1855, and for many years was a prominent member of the dental bookshop to E. G. L. Faxon. Upon the death of Mr. Faxon, Mr. Jenkins formed a partnership with F. B. Hilger and Mr. Faxon's brother, and the firm has carried on the business ever since.

On the 8th of October, 1871, Mr. Jenkins was to have been married, but the first postponed the wedding a few days, when his brother, F. B. Hilger, a widow daughter, was called.

Mr. Jenkins was generally respected, and leaves a large circle of friends. He was a prominent member of the Apollo Commandery, which has been closed.

A distressing and serious accident occurred yesterday morning in the South Division, by which a number of men were injured owing to the carelessness exercised in the construction of a building. About 11 o'clock, as workmen were raising the rear portion of the structure, it gave way, precipitating the entire mass, nearly the entire door on which they were engaged gave way, precipitating Cornelius Sullivan, John Higgins, Michael Welch, John Clarke, and others, down the rear of the ground and burrowing them in the debris. The building was in process of demolition was originally four stories in height and cost \$100,000 to build. The first floor was used as a hall-room, and the upper structure was divided into apartments for guests. The hotel was then vacant for some time, and was let to a number of lodgers, and divide it up into studios, the rear portion to be used as stables. The work of tearing down began several days ago, and the laborers had not yet reached the upper stories. Yesterday morning the men whose names were assigned to the first floor above the foundations, and were busily occupied in loosening and removing the number of which is not known, when a large portion of the structure collapsed. Thomas Michaelson, the foreman, was directing operations, when a crack was heard, and before any one could escape to safety, the building separated in the middle. Once the shock was set, the work was to stop on the runs, and the unfortunate victims received from their critical positions. Sullivan was found dead, buried, and sent to his residence, No. 746 Indiana avenue. Mrs. Higgins, Mike Welch, and John Britzke were taken to the County Hospital, and Carney was able to walk home. Higgins received a painful wound in the right foot, from which he was the most severely injured of the party. He is married, residing at No. 129 Twenty-second street, and will be confined to his bed for a week. Welch was severely injured internally, and Welch was buried at the body, but both will be able to work in a few days. It seems almost a miracle that more were not killed. The building was a mass of twisted metal, and the iron rods narrowly escaped, and condemned the building as having been so poorly constructed that it was a matter of surprise that it did not sooner occur. The accident was caused by the separation of the trusses, which were spliced, and supported the door whereto the laborers were working.

THE HOTEL CONTRACT.

The contract between F. J. Seixon and the county for the construction of the Morgue, etc., in connection with the County Hospital, was read.

Mr. Lonsinger thought the contract would not be approved. He was told no objection to the contract had been made. He had seen the specifications at one time, but he had no knowledge of what he might be, and was accordingly lagged in his specifications when the work was commenced. He wanted to see the specifications for the work on hand before he would agree to the same. He had agreed to allow the specifications to remain with the Committee in his office.

Mr. McCaffrey wanted the contract adopted.

Mr. Lonsinger thought there was nothing wrong in postponing action. So he had always had his suspicion about the bid upon which the Board had acted. He had no knowledge of what was done. He had a small stock bid, which had been withdrawn in time to make the lowest bidder. He was satisfied there was something written in the bill of lading, a further consideration of which do not harm.

This brought McCaffrey to his feet to vehemently condemn Mr. Guster, but it failed to draw a response.

Mr. Guster followed in a speech full of violence, in which he threatened to kill a Granger

if charges of unfairness were ever made against him.

The motion to defer action in approving the contract was then put, and defeated by a vote of 9 to 6.

The contract was then approved. Messrs. Ayers, House, Gneaster, Harting, and Lonsinger voting in the negative.

After the reading of a number of bills the Board adjourned until Monday.

THE CENTENNIAL CARNIVAL.

RATHER A FAILURE.

Human nature delights in masquerading. To give oneself up in a fantastic and unheard-of costume to trip the proverbial light fantastic with some one whom you do not know and cannot by any divination recognize, seems to be a pastime which is much favored by all classes of society.
